**Paper Submission:**

Papers must be written in English, have no more than four (4) double column pages, and should adhere to the ICPR conference submission guidelines regarding the paper format (see Paper Submission at the ICPR 2012 website <http://www.icpr2012.org>). Reviewing will be double-blind: authors will not know the names of the reviewers of their papers, and reviewers will not know the names of the authors. In submitting a paper to PRRS, the authors acknowledge that no paper substantially similar in content has been or will be submitted to another conference or workshop during the PRRS review period. The workshop proceedings will be indexed in IEEE Xplore. Only the papers that are presented in the workshop will be included in the proceedings.

**Registration:** Registration will be handled by ICPR organizers and all discounts for IAPR members will also apply to the workshop.
